

GO GRAY IN MAY!

for Brain Tumor Awareness

May is Brain Tumor Awareness Month. We “Go Gray in May” and celebrate our patients, their loved ones, and their important journeys with a full calendar of special events.

RAISING AWARENESS FOR BRAIN TUMORS

Our brain tumor patients and their loved ones often report that they feel unseen, overshadowed, and isolated. A “rare” or “uncommon” diagnosis of a brain tumor can be challenging in the extreme, but may not be externally visible in its signs or even in its treatment side effects.

We honor all our patients and their loved ones this May.

During **Go Gray In May**, we host a series of educational, informative, and fun events for our community to interact, socialize, express themselves, ask questions, learn about specific topics, and share their own experiences.

GO GRAY IN MAY: CALENDAR OF EVENTS

Social Media

Raise awareness for brain tumor treatment and research in May by wearing GRAY ribbons, clothes, and masks. Help spread the word to friends, family, and colleagues by tagging **@pacificneuro** and **#gograyinmay** on social media.

Social Hour

Date & Time: Tuesday, May 3rd, 12-1pm PST

Location: Mullin Plaza, Providence Saint John’s Health Center, 2121 Santa Monica Blvd., Santa Monica, CA 90404

In this kick-off social hour patients and loved ones can interact, socialize, and learn about services offered at Pacific Neuroscience Institute and Providence Saint John’s Health Center. They have the opportunity to meet other organizations, such as the **American Brain Tumor Association**.
