PUBLIC POLICY AND LEADERSHIP SUMMIT
Nurses: Transforming Health Care in Diverse Communities
March 25, 2019 • California Endowment Center
Los Angeles, California

Welcome!

We are delighted that you will be joining us at our Public Policy and Leadership Summit, Nurses: Transforming Health Care in Diverse communities. The purpose of this year's Summit is engage NCEMNA member Associations and representatives of the broader community in an important conversation around policy issues involving regulations and legislation that are critical to the support of minority health issues.

This inaugural event is an opportunity to learn, shape and be heard in regard to public policy. The Summit provides attendees with the opportunity to network and meet with policy makers of the United States ethnic nurse leadership to show the positive impact that NCEMNA members have on the health of minority populations. This year's keynote speaker is, Catherine Alicia Georges, EdD, RN, FAAN, AARP National Volunteer President and Past President of the National Black Nurses Association. The Leadership Summit will also feature leaders who represent the five ethnic nurse associations who will address critical issues impacting their communities. This will be followed by a panel presentation of the NCEMNA Association Presidents to discuss how their diverse cultures and organizations contribute to the transformation of healthcare in the United States.

Sincerely,

Dr. Debra A. Toney, PhD, RN, FAAN
President

NCEMNA Mission

“Be the unified body advocating for equity and justice in healthcare.”
