1990 S. Bundy Drive, Ste. 100

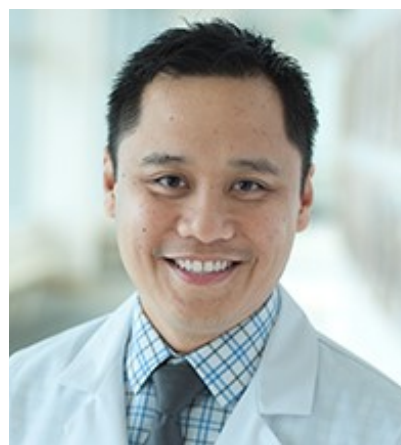

Los Angeles, CA 90025

FREE VALIDATED PARKING AVAILABLE

RSVP Required:

Phone: 310.314.2555

Online: www.cancersupportla.org

About Dr. Saria:

Dr. Saria is an oncology nurse with two decades of experience in multiple roles, including direct patient care, professional development, program development and management, and research. He is currently the oncology clinical nurse specialist and nurse scientist for the inpatient oncology and Caritas suites at Providence Saint John's Health Center in Santa Monica, California.

This free workshop focuses on building awareness about clinical trials. People impacted by cancer and their loved ones are invited to join us as we learn how these trials are structured, and how to foster an open dialogue with their health care team about the eligibility and the viability of clinical trials as a treatment option. In addition, participants will learn about the importance of shared decision making and will be introduced to resources to help facilitate these conversations.

This program is provided through unrestricted educational grants from:

Bristol-Myers Squibb

First time participants, please call 310-314-2555 to RSVP for Orientation.

All programs and services are provided at no cost to participants.
