

Register for Our Histotripsy Webinar: Non-Invasive Treatment for Liver Tumors

Thursday, Sept. 25 | Noon to 1 p.m. |
Zoom Webinar

Saint John's
Health Center
 Providence

Join Paul Shin, M.D., for a free webinar on histotripsy — an innovative, non-invasive treatment for malignant and benign liver tumors. Learn how this breakthrough robotic-assisted procedure uses focused ultrasound to destroy liver tumors with zero incisions or needles.
